BULGARIA IN PEACE MOVE

Country's Agents Seek Entente Aid to Safeguard Rights After End of War.

Copenhagen, Oct. 22.—While Emperor William and King Ferdinand of Bulgaria have been exchanging assurances at Sofia of the unshakable loyalty of Bulgaria and Germany to each other and of the permanent nature of the alliance of the two countries, Bulgarian agents abroad have been endeavoring to get into touch with the entente powers on the subject of peace and subsequent relations.

Their efforts are declared to be inspired by apprehension that Germany and Austria-Hungary, particularly the latter, may not be overzealous in defending Bulgaria's interest at the peace conference, as well as by a desire on Bulgaria's part to escape from revolving in an exclusively German orbit after the war.

BABY, SLEEPING ON PILE OF LAUNDRY, IS CARTED AWAY.

Detroit.—Mrs. George Cole believes in fresh air for babies.

So, after she had placed a bundle of soiled clothes on the back porch for the laundryman, she wrapped up her three-month-old son and laid him on top of the pile.

The boy slept soundly.

Gathering up both baby and laundry, the laundryman continued his rounds. Mrs. Cole discovered the child was missing, went almost hysterics, called the police, reported the kidnapping, and in a few minutes was being questioned by the police.

While Mrs. Cole was telling her story, the laundry wagon came dashing madly down the street, and on the seat beside the driver was another man holding the baby in his arms.

The driver said the baby didn't cry and never was discovered until he reached the laundry, when girls who were sorting bundles saved him from being thrown into a tank of boiling water.

Laundry marks on some of his blankets identified him.

TO END HIGH PRICES

HOOVER DECLARES "CORNER HAS BEEN TURNED" IN COST.

Asserts Wholesale Prices Are Much Lower Now Than Years Ago—Blames Retailers.

Washington, Oct. 20.—Food Administrator Hoover announced on Thursday "that the corner has been turned in high prices."

He has gone as far as he can in price reduction, he says, and assails the retailers for not doing their part. The next congress will probably be asked to give him power to force the retailers to abstain from profiteering.

Mr. Hoover says: "Most of the essential commodities should, one after another, continue to show reductions between now and the end of the year. The food administrator has no control of either the grower or his organizations, nor of the great majority of retailers."

"The distribution chain lying between the warehouse, wholesalers, commission men and manufacturers of prime commodities has required a great deal of study and development for its proper regulation, and these regulations are coming into force now."

Mr. Hoover said he had every hope the retailers will co-operate, as the farmers and other food handlers are co-operating, to feed the nation and the allies at reasonable prices. Everybody along the line down to the retailer, he declared, already is helping. But retail prices do not by any means reflect the wholesale prices.
